Telephone: 505-542-3241 ext. 2
FAX: 505-542-3295

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audio/tape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (Voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 14th and Independence Avenue, SW, Washington, D.C., 20250-9410 or call (202) 720-5964 (Voice or TDD). USDA is an equal opportunity provider and employer.

County Committee Elections

A slate of nominees for your county committee election has been established. The next step in the election process is the mailing of the ballots, which will begin on November 3, 2008. Voters have until December 1, 2008, to return their properly completed ballots to the county office. Elected committee members and alternates take office on Jan. 1, 2008.

Prospective Voter Requirements - Anyone who meets the requirements in either, 1 or 2, as well as item number 3, is eligible to vote for county committee members.

1. Voter is of legal voting age and participates or cooperates in any FSA program, or

2. The voter is not of legal voting age, but supervises and conducts the farming operations on an entire farm.
3. The voter must also be eligible to participate in any FSA program provided by law, regardless of the status of funding.

Discrimination Prohibited - No person shall be denied the right to vote because of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation or marital or family status.

If you have any questions about your voter eligibility, please contact your county office staff.

NAP COVERAGE

The Non-Insured Crop Disaster Assistance Program (NAP) was designed to reduce financial losses that occur when natural disasters cause a catastrophic loss of production or prevented planting of an eligible crop by providing coverage equivalent to catastrophic (CAT) insurance. Statute limits NAP to each commercial crop or agricultural commodity, except livestock, for which CAT is not available.

The application deadline date for the 2009 coverage on fall seeded crops has been extended to December 1, 2008. In order to be eligible for disaster assistance programs, like SURE, producers are required to timely purchase, at a minimum, CAT coverage for all insurable crops and/or NAP coverage for all non-insurable crops on their entire farm.

NAP coverage for 2009 costs \$250 per crop, but not more than \$750 per producer per county, or not more than \$2250 total per producer for all counties.

Producers who already have coverage on 2008 NAP crops may choose to continue coverage on the same crop or crops for 2009, if the applicable service fee is submitted by the application closing date. A new CCC-471, application for coverage is not required to be signed when applying for continuous coverage of the same crop or crops.

Producers who choose to add a new crop(s) or delete a crop(s) from previous year's coverage or changing crop shares must file a new CCC-471 with signatures and pay the applicable service fee.

Producers with 2008 NAP coverage must remember to complete the following to qualify for benefits:

- Timely file acreage reports and keep track of harvested production using acceptable methods. For example, bale weights or other means of determining quantities of hay are required. February 15, 2009 is the deadline to certify your native grass acreage.
- File a "Notice of Loss" within 15 days of when a loss is apparent, due to drought, hail, etc. November 1st is the deadline to file a loss for Native Grass.

MARKETING ASSISTANCE LOANS

Marketing Assistance loans are available for producers who share in the risk of producing the crop. To be eligible, you must maintain beneficial interest in the crop through the time of application. Beneficial interest means retaining the ability to make decisions about the commodity; responsibility for loss or damage to the commodity; and title to the commodity. Once beneficial interest in a commodity is lost, the commodity is ineligible for loan — even if you regain beneficial interest.

Commodity loan eligibility also requires you comply with conservation and wetland protection requirements; beneficial interest requirements, report how you use cropland acreage on the farm

and ensure that the commodity meets CCC minimum grade and quality standards. For commodities to be eligible they must have been produced by an eligible producer, be in existence and in a storable condition and be merchantable for food, feed or other uses as determined by CCC. The quality of the commodity in farm storage must be maintained throughout the term of the loan.

Producers do not have to participate in the Direct and Counter-Cyclical Program to be eligible for commodity loans.

Violating provisions of a marketing assistance loan may trigger administrative actions, such as assessing liquidated damages, calling the loan and denial of future farm-stored loans.

The most common violations are removing or disposing of a commodity being used as loan collateral without prior authorization and providing an incorrect quantity certification.

YOUTH LOANS

The Farm Service Agency makes loans to rural youths to establish and operate income-producing projects in connection with 4-H clubs, FFA and other agricultural groups. Projects must be planned and operated with the help of the organization advisor, produce sufficient income to repay the loan and provide the youth with practical business and educational experience. The maximum loan amount is \$5000.

Youth Loan Eligibility Requirements:

- Be a citizen of the United States (which includes Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands) or a legal resident alien
- Be 10 years to 21 years of age
- Live in a rural area or in a town of 50,000 people or fewer
- Must obtain a written recommendation and consent from a parent or guardian if the applicant has not reached the age of majority under state law
- Comply with FSA's general eligibility requirements
- Be unable to get a loan from other sources
- Conduct a modest income-producing project in a supervised program of work as outlined above
- Demonstrate capability of planning, managing and operating the project under guidance and assistance from a project advisor. The project supervisor must recommend the project and the loan, along with providing adequate supervision.

Stop by the county office for help preparing and processing the application forms. The FSA staff can help you with questions you may have about a particular program.

2009 EQIP SIGNUP

Please be advised that the deadline to signup for 2009 EQIP is October 17, 2008. EQIP provides financial and technical assistance to eligible participants wanting to install conservation practices on eligible agricultural land. It offers contracts that provide incentive payments and cost-shares to establish the above mentioned practices. Producers wanting to apply or who need additional information, should contact NRCS at (575) 542-9141 at ext. 3.
